

What is my grade now?

1. Find the following averages, out of 10:

Q = average of your quizzes

OHW = average of your online homework

WHW = average of your written homework

RP = your recitation participation. 10 points if you're there, 5 if you're there physically but not really mentally, 0 if you don't attend recitation.

L = average of your prelab + lab

Note: For the calculation of the midterm grades, the usual class average was used as an estimation for everybody's scores for most of the items above. The only real individual score used was Exam 1.

2. Total score:

Including exams 1 only (E1):

$$\text{TOTAL} = 5*Q + 2.5*OHW + 2.5*WHW + RP + 4*L + 250*E1/75$$

Including exams 1 and 2 (E1 and E2):

$$\text{TOTAL} = 5*Q + 2.5*OHW + 2.5*WHW + RP + 4*L + 250*(E1+E2)/150$$

After final (EF, out of 100)

$$\text{TOTAL} = 5*Q + 2.5*OHW + 2.5*WHW + RP + 4*L + E1 + E2 + EF$$

This is your score out of 400 points.
